- For example, if a trailer sells for \$50,000, the 1% referral commission is \$500.
- In order to be eligible to receive a commission, the program member must notify National Trailer Source Sales BEFORE the customer comes in or calls, by emailing marketing@nationaltrailersource.com with the potential customer's first and last name.
- Notification after a purchase does not qualify for a commission.

- The commission will be paid out 30 days after the sale is complete.
 - In the event multiple patch members assisted in the referral, the commission will be split evenly amongst each.
- Referral commissions will be paid to people 18 years of age and older.
 - If the program member is a minor, the referral commission check will be made payable to the team member's parent or legal guardian.
 - An IRS form W9 is required for all payments.
